

FUNDRAISING IDEAS

To many people the very thought of doing 'fundraising' is daunting but with careful planning, the setting of achievable targets and a little help from friends and family – any target is possible!

Outlined below are some ideas, which we hope will help you on the way!

CORPORATE/BUSINESS SPONSORSHIP

This is always the first and easiest way of fundraising – although it is not always successful and particularly in these difficult times. It very much depends your own contacts, those of your friends and on the amount of research done. (Lists are very important). If you work, your company may allow you to contact customers, clients or even match funds.

SPONSORSHIP CARDS

These are ideal for family and friends. Just contact the office on 01-498 0800 and we will send some out to you. Always carry them with you and don't be afraid to ask for sponsorship. Use an online version and email it to everyone you know. Set up your own page on www.mycharity.ie

ORGANISE AN EVENT

We have attached a list to give you some ideas – always do something that you and your friends are interested in. One big event and you could raise all your money! We can provide posters.

BUCKET COLLECTIONS

Sports events, concerts etc at Croke Park, Lansdowne Road, RDS are excellent places to do bucket collections. You must have a garda permit.

TAKE PART IN OTHER WALKS AND GET SPONSORED

The Mini Marathon is a great example but there are lots more. Use it to get your training started and raise money at the same time. Join forces with other walkers – two heads are better than one!

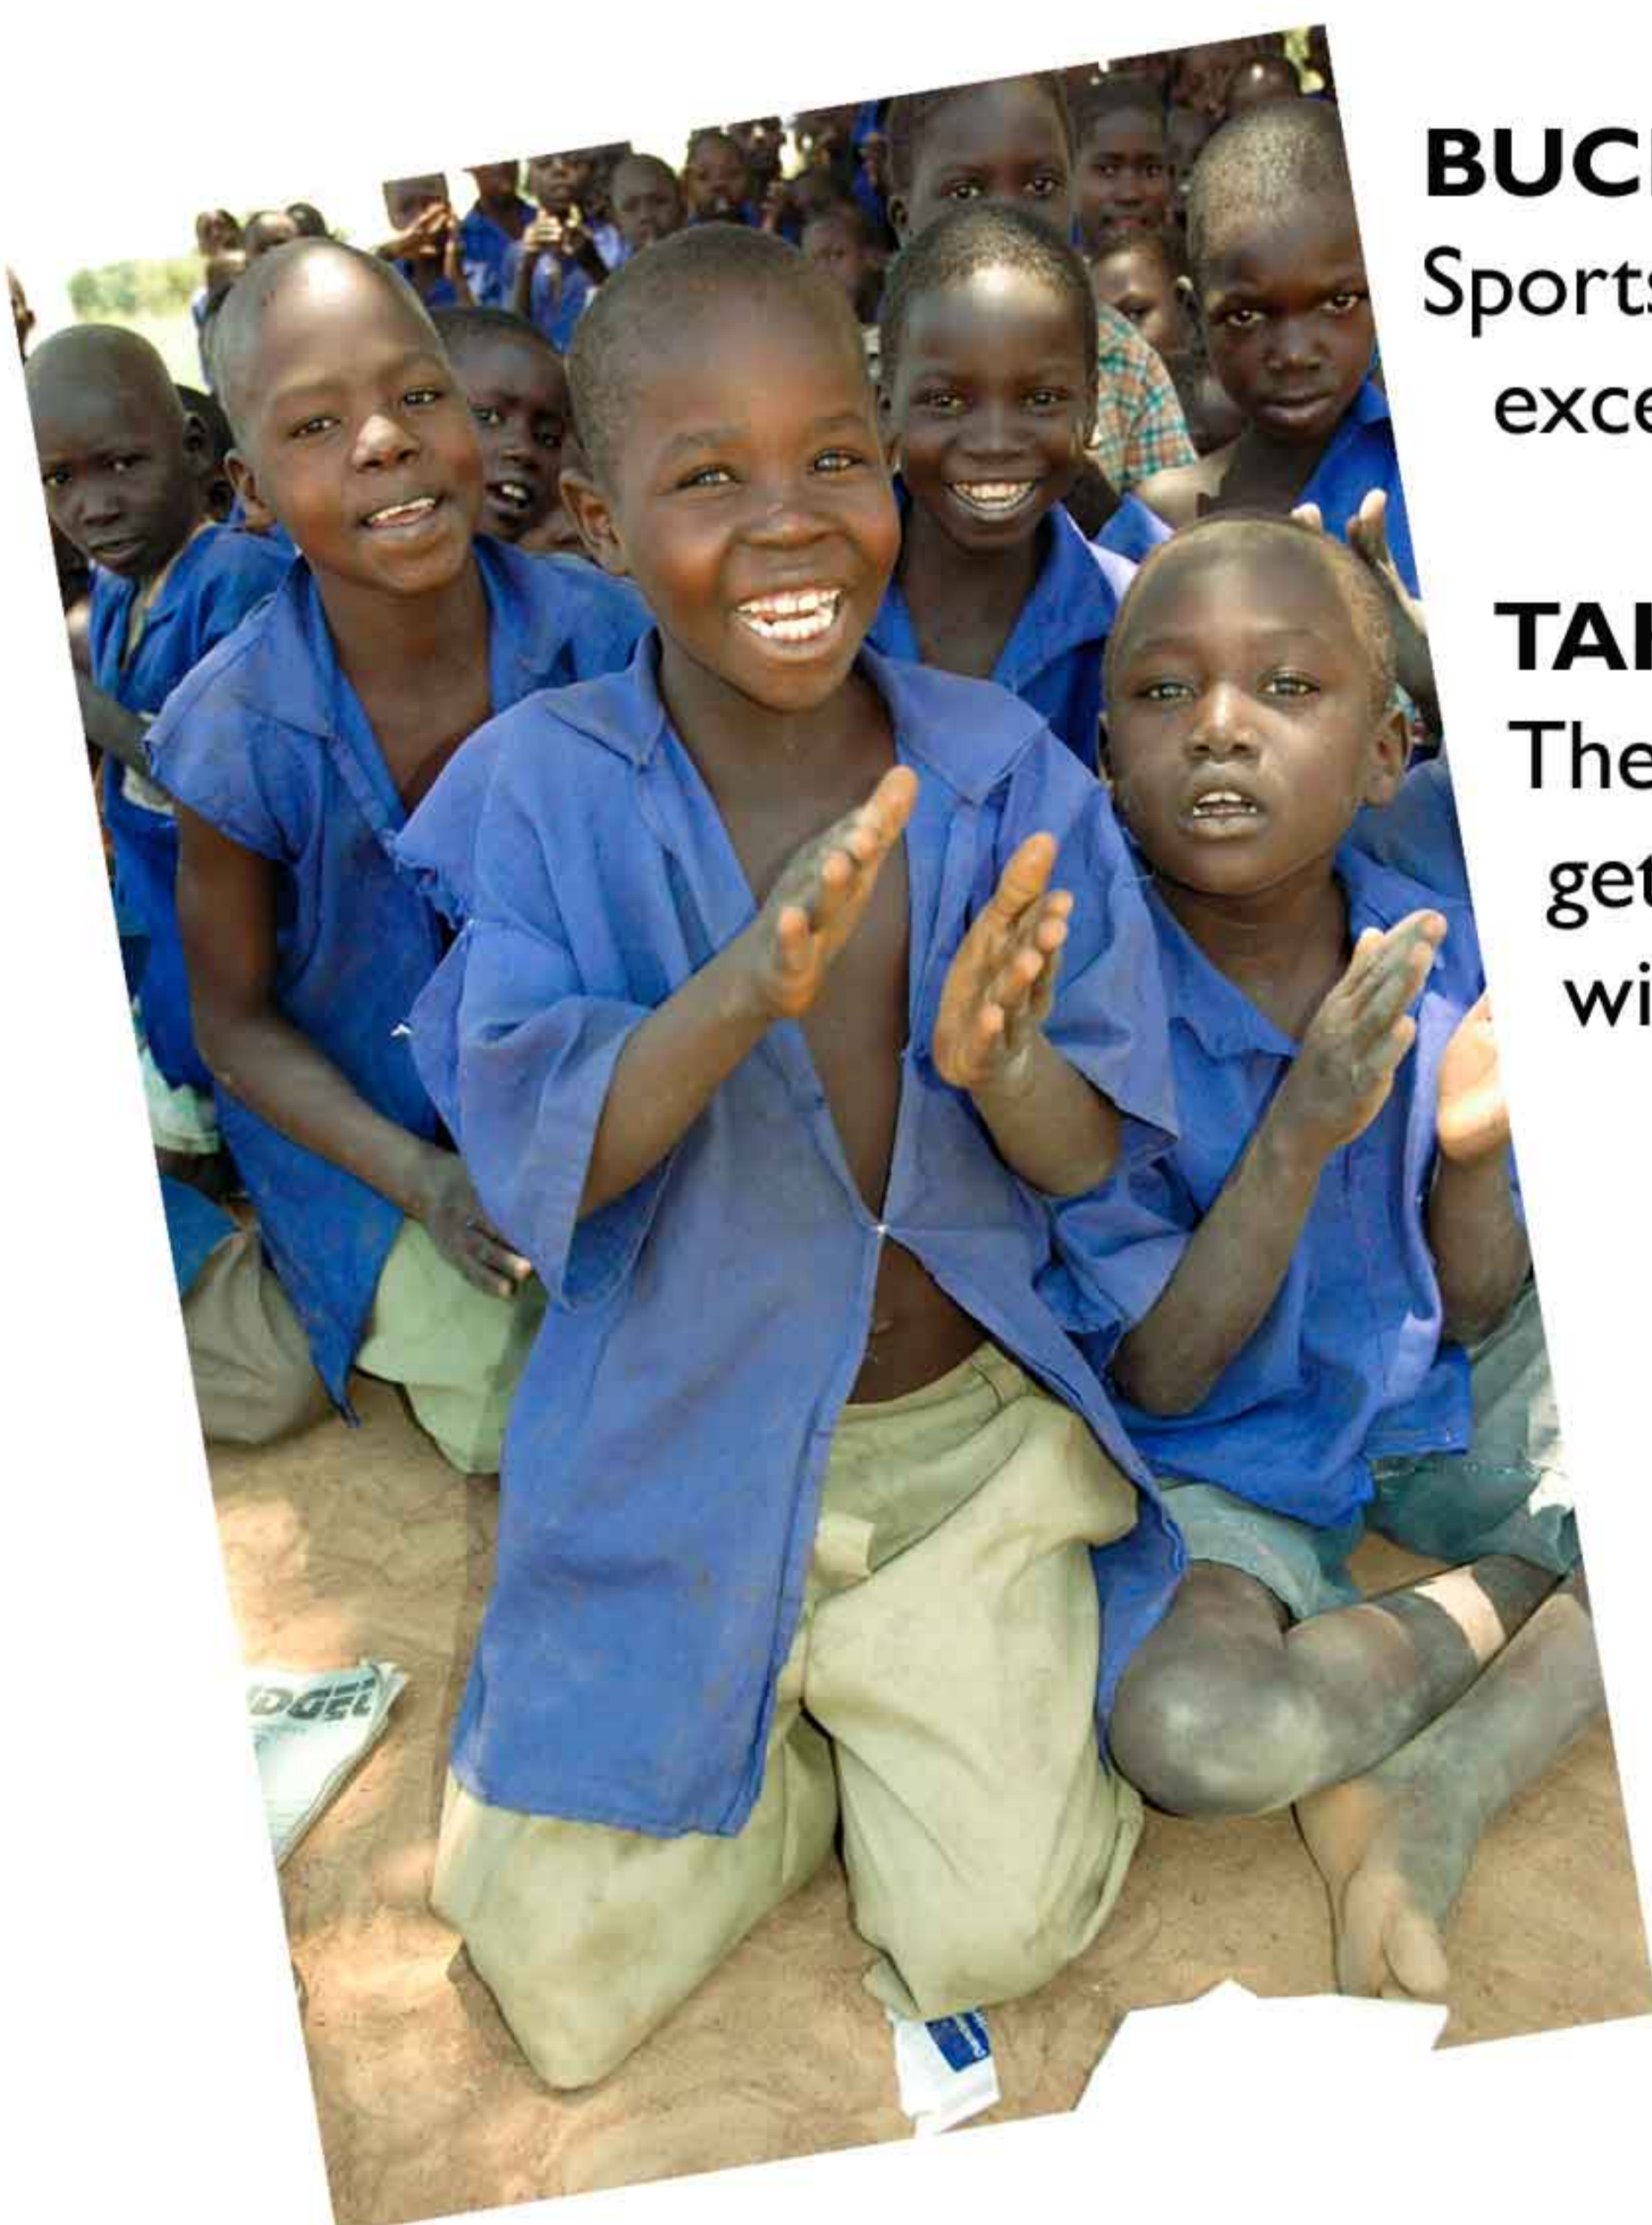

We'll be cheering you on!

Contact our Supporter Care Team today for more information and your fundraising pack:
